Course Information for Grade 7/8 Literacy/Numeracy Program Summer School 2010

As we rely on the information on this form to contact students about enrolment and cancellations, it is extremely important that you print your information clearly on this registration form. If we cannot read your registration form, we will not be able to enrol you and we will not be able to contact you.

We need the parent to provide a contact email address as this is our first method of contact for cancellation, confirmation, or other information.

This Summer School Program is intended to provide elementary students with literacy and numeracy support so that they can be better prepared to enter high school. The number of days for the student to be enrolled in this program is up to the student and his/her parents (either 10 days or 20 days). This is not a credit course and will not be displayed on the student's OST (Ontario Student Transcript) and OSR (Ontario Student Record).

Your confirmation of receipt of your registration and then the class confirmation will be sent by email – please make sure you print your email address clearly. You must respond to these emails to confirm that you have received the information and then again to confirm your spot in the course.
