

**Centre for Lifelong Learning 1230 King Street, London ON N5W 2Y2**

## **Enhanced language program for Light Industrial Training**

### **Program aim:**

If you want to find work in warehousing or manufacturing, this program is for you. The program works closely with the Pathways Skill Development Centre to ensure that after the training, you will be fully ready to be employed in the warehousing and manufacturing industry.

### **Class schedule**

The program starts with 5 weeks of enhanced language training during which you will improve your general language proficiency and to learn trade specific language. Classes will be run Monday to Friday 6 hours daily (9 am – 3 pm). After the language training, you are ready to move onto the skills training. For 8 weeks, you will learn basic building techniques so that you are ready to work in manufacturing or in a warehouse doing sorting, packaging, or working on the assembly line, etc. During the skills training, you will be placed with local employers to get on the job experience. After the placement, Pathways will continue to work with you for employment training and employment connection and to provide job mentoring and employment monitoring.

### **What you will get**

Improvement in your English benchmark level

Receive 5 certificates employers want:

- Transportation of Dangerous Goods (TDG)
- Standard CPR and First Aid
- Fall Safety
- Forklift truck operator and Propane exchange
- WHMIS

- Personal protective equipment and clothing
- Help finding work in the industry

### **Requirements to enter the program**

You must be at a minimum Canadian benchmarks ESL level 5+, be 18 years or older, and staying in Canada as a landed immigrant or conventional refugee. ***There is no charge for the training if you meet these criteria.***

### **Possible intake dates, to be updated:**

May 3, June 7, July 26, August 30, October 18, November 22, 2010
